8. Funding

Vision Express has agreed to sponsor the club £500 this year. Ian is talking to them about a two year deal. Graham & Helen have organised £500 funding from Coventry Building Society for this year. Ian suggested the club use some of these funds to buy a few items of swimming equipment and a couple of wet suits to be hired out to those members interested in open water swimming. The following points were raised:

- **large outlay of funds for probably only a small minority of members.**
- **could purchase Wet Suits and then not have the correct size required**
- **use the funds to subsidise general kit. Hoodies/tri suits/t shirts. Need to ensure the club is inclusive**
- **maybe purchase/subsidise swim hats for the use of all members**

Decided to investigate wet suit hire and the purchase of second hand suits before making a decision. Also investigate what other junior clubs do. **IP**
